

Breeding conditions Netherlands 2021 L'Extreme BH

General:

- Before the start of the first insemination, provide the mare data
- All stud fees are exclusive of shipping costs and VAT
- The breeding season ends on September 1, 2021
- The gust charge is € 150, excluding VAT and shipping costs, this only when submitting a gust statement drawn up by an official veterinarian before October 15, 2021
- Hand in the Gust statement to the stallion owner and the studbook before October 15, 2020
- Stable fee mare with foal € 10, - without foal € 6 per day
- By ordering and receiving the semen, the mare owner has taken note of our breeding and payment conditions and agrees to these conditions

Frozen semen:

- Black Horses Stud does not sell individual straws, only per pregnant mare
- Straws that are not used remain the property of Stoeterij Black Horses at all times and must be returned to us at the end of the season, as well as the empty straws

Embryo Transplantation and ICSI:

- Indicate with the first order whether the ordered semen is used for embryo flushing or for ICSI
- Guidance for embryo flushing runs through Stoeterij Black Horses, M. Wesselingh. ICSI exclusively through a company acknowledged by Stoeterij Black Horses BV
- If no ICSI has been successful, semen can be ordered again for this mare

- Stud fee is charged per successful embryo / ICSI, this also applies to frozen embryos and if multiple embryos are flushed from one insemination
- The mare owner must provide Stoeterij Black Horses BV before October 15, 2021 with an overview drawn up and signed by the veterinarian or the ET center of the number of successful ICSIs per mare.
- If the transplantation of the ICSI has not been successful, this overview counts as a guest statement (if stated)
- Straws not used for ICSI remain the property of Stoeterij Black Horses BV at all times and must be returned to us at the end of the season, as well as the empty straws

Liability:

- Stoeterij Black Horses BV does not accept any liability for damage, illness or injury to people, animals, means of transport or otherwise
- The horses stay with us and are treated at the owner's risk
- Our company is subject to the General Stud Conditions of the Association of Stallion Holders as deposited at the District Court in Utrecht

Veterinary guidance Embryo transplantation and regular breedings:

- Veterinary supervision by veterinarian M. Wesselingh
- A one-off charge of € 140.00 (excl. VAT) is charged for mare guidance
- The mare guidance only applies to gynecological guidance (sensing and scanning). Extra veterinary costs, such as injections, bacteriological examination, rinsing, antibiotic treatments and / or operations are charged by Stoeterij Black Horses BV to the mare owner

Stud fee:

- € 795, - excl. VAT per pregnant mare or per successful Embryo / ICSI
